Financial Services Guide

Financial Services Guide

This Financial Services Guide (FSG) is an important document designed to help you make an informed decision about whether to use the financial services that we provide to our clients.

It contains information, about who we are, the financial services that we provide, how we and other relevant parties are remunerated when we provide those services and how complaints are dealt with.

It sets out the circumstances in which we are required to provide you with a Statement of Advice (**SOA**) in relation to any personal advice you may receive from us in the provision of services that we offer, when we will provide you with a Record of Advice (**ROA**), and the circumstances in which we will provide you with a Product Disclosure Statement (**PDS**). The SOA describes the basis upon which we have made a specific recommendation, and the PDS (which may relate to the personal advice that we provide) provides information about the products that we may recommend to you. The ROA relates to further advice being provided post the provision of a SOA.

Should you wish to request a copy of the ROA you may obtain this by contacting us on any of the contact details provided to you for a period of seven years from when the further advice was first provided to you. If you would like further information about these matters, please contact us.

When we provide financial products and services, we and Viridian Advisory will act for you (and not for product issuers or other Viridian Group entities).

VPW is a financial advisory business. IAM and VFGL are portfolio management businesses, with IAM specialising in the Separately Managed Accounts (SMA) side of that business. VPW, IAM and VFGL will often work together to deliver the services set out in this FSG.

Viridian Group

The Viridian Group includes VPW, IAM, Viridian Advisory and VFGL. VPW, IAM and VFGL provide financial services such as financial advice, funds management, insurance, superannuation, investment and administrative services.

Our advisors meet strict education, training and skills standards and are supported by teams of specialists in investment research and product solutions. The strength of the specialist teams upon which our advisors can call, at any time, means you have access to the latest financial strategies and technical knowhow and a diverse range of quality investment products.

Client Engagement Experience

Our advice to you is principally about developing appropriate strategies to achieve your financial and lifestyle goals.

One of the most valuable outcomes by undertaking this process is delivering to you a comprehensive financial road map, action plans, and guidance to help you achieve your financial and lifestyle goals.

It will be personalised to your needs, objectives, goals and personal circumstances. The plan can cover your working life, retirement years and may even consider the needs of future generations.

The following steps outline the process we generally follow when you meet with one of our advisors.

Generally, you will provide us with instructions in person, but you can also give us instructions by phone or via email. In some cases, we may require you to sign original documents (such as product application forms) or meet identification requirements

and this may involve providing us with certified copies of identification documents).

Step 1: Evaluation & Discovery

We explain how we operate and what to expect, and you decide whether you feel comfortable with us.

We spend a great deal of time discovering and gathering necessary information about you and your current circumstances such as your family, your current list of investments and financial means and your aspirations.

We identify the issues that relate to you, the issues are prioritised and then we investigate solutions, develop plan/s and produce strategy options. It is important at this stage to understand your attitude towards investment risk, your investment timeframe, and where you are in your career, business or personal life.

This generally can take more than one meeting depending on the complexity of the information and the expertise required.

Step 2: Strategic Advice Presentation

We provide an outline of your issues as determined in the discovery stage and provide appropriate financial advice covering these issues. The advice prepares you and provides a 'foundation platform' of your strategy for the future. The objective is to give you choices and provide you with clarity to make good decisions about meeting your current and future financial and lifestyle goals.

The final recommendation will always be in writing (known as a "Statement of Advice" (SOA)) and will clearly set out the services to be provided and the relevant fees payable.

Step 3: Implementation

Following the acceptance of our advice, we arrange for the recommendations in the advice to be implemented. This involves dealing with other financial institutions and may also require coordinating the services of necessary professionals such as your accountant, solicitor and bank manager. The extent of the implementation process is purely driven by the level of complexity required to meet your needs. Our office support structure has been designed to make this process as streamlined as possible.

Step 4: Annual Review & Ongoing Service

Together we ensure your financial plan becomes a live document and relevant to your circumstances as they are and as they change into the future. As part of this process we track your progress towards your goals and objectives and update goals appropriately each time we review your financial plan.

This includes providing periodic policy and regulatory change updates which can help you keep abreast of any rulings and regulations that could impact your advice structure in the future as well as any key risks that may impact your progress.

If you elect to receive our ongoing advice service, we will agree on a schedule for us to review your asset allocations and investment strategy to ensure that you are maintaining the appropriate levels of risk versus return.

Record of advice

After you have received your SOA relating to your financial plan, or implemented some or all the recommendation in it, there may be times when you need to further discuss some or all the recommendations in that advice with us. When this occurs, and there are no changes recommended to your Statement of Advice, we will document this in a Record of Advice (ROA). The ROA will reflect confirmation of the matters that we have discussed with you about your financial plan. You may request a copy of the ROA from us, by contacting your advisor. You can request a ROA up to 7 years after the day on which the advice was provided.

If there are significant changes required to the initial SOA, we will issue a revised SOA.

How we select the products we recommend

Internal and external experts provide financial product research, which is used to carefully select and maintain an extensive list of approved products (APL) for authorised representatives under the Viridian Advisory licence to choose from. We conduct due diligence on external experts that provide us with research.

When providing personal advice, we'll only recommend a product if we're satisfied it is in your best interests, and it is appropriate for you. In doing so, we'll conduct a reasonable investigation into products, depending on your personal circumstances, which may include investigating and recommending products which are not on the APL.

Remuneration and Fees

This section sets out the remuneration and fees payable in relation to the provision of the services set out in this FSG, to whom they are paid, and when. It is important that you read the information in this section. All amounts quoted are exclusive of GST.

Advisor remuneration

As an employee of VFGL, your advisor is paid a salary plus superannuation. We also retain the discretion to pay advisors' additional benefits which may be based on meeting professional or compliance standards, and/or performance against financial and non-financial objectives based on company or overall Viridian Group performance. These additional benefits may be in the form of further payments. He/she may also be a shareholder of a Viridian Group entity/entities and receive dividends.

Your advisor may also receive non-financial benefits from product providers or similar parties. These are valued at under \$300 and might be gift vouchers, tickets to sporting events or invitations to social events. Viridian Advisory keeps a register of any benefits received with a value between \$100 and \$300, and any other benefits relating to information technology software or support provided by a product issuer or any education and training benefits. To see this register, just ask your advisor.

How we collect Fees

Depending on the services you require the following fees can apply:

Initial Advice fee

This fee covers the cost of gathering information, conducting research, preparing the advice and in most cases, implementation of recommendations. The fee you will be charged depends on the complexity of your circumstances, the recommended strategies and the time taken to prepare the financial plan. These fees may be a fixed dollar amount (from \$1,200 to \$12,600), or where the advice is highly specialised the initial advice fee may be calculated on an hourly basis and range from \$330 to \$550 per hour. At least 25% of the initial advice fee will be charged as a non-refundable deposit at engagement, with the remaining 75% due and payable when the advice is presented.

Your SOA will outline other fees that may be applicable to you if you proceed with the implementation of the advice.

These fees are generally taken out of your investment proceeds and may include:

Implementation/Facilitation Fee

In limited circumstances, a fee will be charged on implementation of the recommendations made in your statement of advice. The implementation/ facilitation fee may be calculated based on a percentage of the value of your portfolio and/or a fixed dollar amount.

For example, if the value of your portfolio is \$100,000, the maximum percentage-based fee payable for the year will be 3% or \$3,000.

Alternatively, it may be charged as a flat fee. The flat fee typically ranges between \$1,200 to \$12,600 and is based on the complexity of the advice being implemented. Where the advice is highly specialised the fee may be calculated on an hourly basis and range from \$330 to \$550 per hour.

Your adviser will confirm in writing at the time or shortly after they provide you with advice if an implementation / facilitation fee applies to your circumstances and how the amount will be calculated.

Ongoing advice fees

If you elect to receive ongoing advice services from your advisor, fees are applied based on the desired frequency of contact with your advisor and the complexity of your circumstances. These fees include a fixed dollar base cost amount (from \$2,000 p.a.), and may also include a specialist advice component which is based a percentage (between 0.35% pa to 0.9% pa) of the value of your portfolio.

For example, if the value of your portfolio is \$100,000 and is considered complex investment advice, a 0.9% pa percentage ongoing advice fee applies, and you will therefore be charged an amount of up to \$900 for the year in addition to the \$2,000 pa base cost.

Your adviser will confirm in writing the ongoing advice fee structure that applies to your circumstances.

A separate ongoing advice fee is charged by IAM in relation to SMA services. This fee is a percentage of your portfolio and generally will not exceed 0.275% pa (incl. GST), calculated on the average daily balance for the month of your portfolio. For example, if the average daily balance of your SMA portfolio for each month in a year is \$100,000, you will be charged an amount of up to \$23 for each month, or up to \$275 for the year. This will be in addition to any non-SMA ongoing advice fees.

One-off advice fees

If you receive one off or ad-hoc advice from us, we will charge a fee. These fees are calculated on an hourly basis and range from \$330 to \$550 per hour.

Remuneration in relation to Life Insurance products

If we recommend that you acquire a personal or business life insurance product, and you acquire that product, we will receive initial and ongoing commissions. The initial commission is paid in the first year by the product issuer to us. Ongoing commissions are payments paid by product issuers to us in the years after the first year.

If you initiate an increase to your cover, we may receive initial and ongoing commissions on the increase to your policy cost. The maximum commission we may receive as a result of a client-initiated increase is 66% of the total annual policy cost calculated over the 12 months after the increase. Any ongoing commission on a client-initiated increase is subject to a maximum rate of 22% of the total annual policy cost and is only paid in respect of the period that starts from the first anniversary of the increase.

If the initial commission is higher than the ongoing commissions, the maximum commission that we may receive is set out in the table below.

Date a new product is issued	Initial commission (% of annual policy cost or increase incl. GST)	Ongoing commission pa (% of annual policy cost or increase incl. GST)
Before 1 January 2018 or before 1 April 2018 when the application was received prior to 1 January 2018	0 – 121%	0 – 33%
1 January 2018 - 31 December 2018*	0 – 88%	0 – 22%
1 January 2019 - 31 December 2019*	0 – 77%	0 – 22%
From 1 January 2020*	0 - 66%	0 – 22%

* We may receive the pre-1 January 2018 commission rates above from the product issuer if:

- › your policy was issued before 1 January 2018 and you exercise an option to establish new or additional cover under your policy after 1 January 2018; or
- › your policy was issued before 1 January 2018 and is replaced after 1 January 2018 to correct an administrative error.

Example

You have an existing policy with us with an annual premium of \$500, issued in 2017, and in 2019 you accept our advice to increase the cover on that policy with a corresponding increase in policy cost of \$100 pa. We may receive up to \$121 (121% incl. GST) as initial commission on that increase. If the existing ongoing commission payable on the existing policy is less than \$99, the additional ongoing commission payable to us in respect of this increased policy cost may be up to an additional \$33 (33% incl. GST) (i.e. the total ongoing commission is capped at \$132 (22% including GST of \$600)).

Or, we recommend an insurance product to you and it is issued on 2 January 2019. The first year's insurance premium is \$10,000, the commission will generally be no more than \$7,700 (77% incl. GST). In subsequent years with this example the commissions will be between \$0 to \$2,200 (22% incl. GST).

If the initial commission is equal to the ongoing commissions (as a percentage of your policy cost), VPW may receive up to 35% (incl. GST) of your annual policy cost. This percentage may differ depending on the product issuer and the individual insurance contract. This will be discussed and disclosed to you at the time we provide you with advice.

Generally, such commission is paid to us on a monthly basis by the insurer and is not charged as separate fee to you.

Further details on remuneration and benefits

This section sets out additional information on commissions and benefits that may be paid or received in relation to the services we provide to you.

How and where is this shown

When one of our advisors provides personal advice on strategy or specific financial products, they will disclose to you details of remuneration (including commission) or other benefits they or any other associated person may receive, as a result of our advice. If any of the remuneration or other benefits payable in relation to our products or services (including commission) are not calculable at the time we provide you with advice, the manner in which the remuneration or other benefits are to be calculated will be disclosed at the time we provide you with advice or as soon as practicable after that time. If possible, this will be reflected in your SOA or ROA.

Product fees that may be applicable to you

Product providers may charge fees for investing in their products. These fees may be initial fees or ongoing fees that include management, account-keeping or performance-based fees. These are generally calculated as a percentage of the value of your investment and are paid out of your funds invested in the product or the money you use to acquire the product. These fees will be described in detail in the PDS or other disclosure document for that product that will be provided to you. We will also include detailed information about applicable product fees in our SOA.

Fees we pay to referrers

If you have been referred to us by a person or company within or outside the Viridian Group, we may pay the referrer a fee. This fee may be up to 100% of our fees, a percentage of the total amount invested or paid through the referrer, or a flat fee. This will be disclosed to you in your SOA or ROA.

What relationships do we have?

VFGL owns 100% of VPW and Viridian Advisory, 50% of Cornerstone Super Solutions Pty Ltd (ACN 156 560 002) and is the majority shareholder of IAM. These shareholdings entitle VFGL to corresponding percentages of the annual profits generated by each of these entities. VFGL also owns 100% of Super Wealth Truth, a Self-Managed Super Fund administration service.

The remaining equity in IAM is owned by entities directly controlled by VFGL employees including VFGL's Chief Investment Officer (CIO). This entitles VFGL employees, including VFGL's CIO, to corresponding percentages of the annual profits generated by their shareholdings in IAM. The remaining 50% of Cornerstone is not owned by an entity associated with the Viridian Group.

Cornerstone is a specialist provider of SMSF services including:

- › Fund establishment
- › General SMSF compliance and administration
- › Pension services
- › Limited recourse borrowings

We may refer you to Cornerstone for specialist SMSF advice or services. VFGL may benefit from any services you obtain from Cornerstone as a result of VFGL's part ownership of Cornerstone. This entitles VFGL to participate in 50% of any profit Cornerstone generates for the relevant financial year. VFGL does not otherwise benefit from the referral.

Super Wealth Truth (SWT) is an online provider of SMSF services and is used in limited circumstances depending on the specific needs of clients. VFGL receive \$25 per month for each SMSF who uses SWT to cover the costs associated with administering the business. This is paid out of the administration fee paid to SWT and is not an additional expense to clients.

Product disclosure documents

When your advisor recommends a financial product, we will provide you with the relevant disclosure statement for that product which will generally be called a Product Disclosure Statement (PDS). A PDS contains information about the recommended financial product including the key features, fees, benefits and risks associated with the financial product. It is important that you read any PDS or disclosure document that is provided to you in relation to your SOA.
